The Vice Chairman, Ghaziabad Development Authority
(Ghaziabad).

Subject: Regarding Water Crisis in Jaipuria Sunrise Greens, Indirapuram.

Respected Sir,

On 27th Nov 2015, the only residential Borewell failed and whole society was without water. On 30th November 2015, we approx 50 residents visited your office and met with Mr. D P Singh in your absence. We are very much thankful to GDA/Mr. D.P Singh as with his intervention we got interim relief in the form of GDA water tankers due to which we were getting at least 30 minutes water twice a day till the borewell again made functional but Water problem not yet resolved permanently.

On our demand of having min 2 borewell to avoid such situation in the future and Inspite of Mr D P Singh's instruction and assurance to have two bore well, Promoter is not planning for 2nd bore well. infact they have sent one letter to AOA to collect the amount Rs 150,000 of 1st bore well too from residents through prepaid, that we found unfair and highly object the same because maintenance is taken care by Builder and its builder's responsibility to provide us uninterrupted water & electricity that comes as essential services for which we have paid him high costs already.

Looking forward your intervention on this matter and please take appropriate actions to avoid such problems in future.

For,

Sunrise Greens Residents Welfare Association.
